DELIVERY

Building will arrive fully constructed at the customer's site on a truck and trailer similar to the picture. Our delivery crew will level the building with customer blocks. Concrete blocks are available for \$2.00 each. Lead times are fluid at this time. No cancellations of orders after 72 hours. Customer to provide clear access to delivery site. This is not a kit.

If the customer has a tight spot and is concerned about delivery we have a machine called a "mule". It's used for

moving the building through the customers yard with out the additional bulk and size of the truck and when access is limited.
