## STANDARD FEATURES

**Metal Utility:** All metal utility buildings come standard with a 6'6" (75" studs) wall height and are built with a 29-Gauge 40-yr metal (26-Gauge upgrade available). All 8' wide metal utilities come standard with a 4' door in the front wall. 10' wide or larger utility buildings come with double doors on the front wall.

**Wood Utility:** All 8' wide utility buildings come standard with a 6'6" (75" studs) wall height and a 4' door. 10' wide or larger come standard with 8' (89" studs) wall height and double doors in the front.

**Wood Deluxe Cabins:** All deluxe cabins come standard with a 6'6" (75" studs) wall height. Deluxe cabins are built with an L-shaped porch and have (3) 2x3 windows and (1) 9-lite door in front on the porch, (2) 3x3 windows centered on the long sidewall and (1) 3x3 window centered on the short sidewall.

**Wood Side Lofted Barns:** All side lofted barns are same wall height as lofted barns, 6'6" (75" studs). Barns 12' length or shorter come standard with a 4' door and one 2x3 window on *either* side. All other lengths come standard with a 72" double door and one 2x3 window on *each* side of the door. Side lofted barns also feature a loft at *each* end.

**Metal Side Lofted Barns:** All metal side lofted barns come standard with 6'6" 975" studs) wall height and are built with a 29-Gauge 40-yr metal (26-Gauge upgrade available). All metal side loft barns 12' long or shorter come standard with a 4' metal door and one 2x3 window on *either* side of the door. All other lengths come standard with double doors in the center and a 2x3 window on *each* side. Standard side lofted barns feature a loft at *each* end.

**Wood Garages:** All garages come standard with a 8' (89" studs) wall height. All 10' wide garages have a 6' roll up door in the front. All garages 12' wide and larger have a 9' roll up door in the front. Standard garages are built with a solid walk-in door 4' from front wall on the right and (1) 2x3 window centered between the door and the opposite end wall.

**Metal Lofted Barns:** All metal lofted barns come standard with 6'6" (75" studs) wall height and are built with a 29-Gauge 40-yr metal (26-Gauge upgrade available). All 8' wide metal lofted barns come standard with a 4' metal door centered in the front wall and all lofted barns 10' wide or larger come standard with metal double doors on the front wall. Metal lofted barns feature a loft in the front and in the rear.

12' Wide - \$2,250                              14' & 16' Wide - \$2,450

## DELIVERY

Building will arrive fully constructed at the customer's site on a truck and trailer similar to the one pictured. Our delivery crew will level the building with a mixture of leveling materials. Concrete blocks are available for \$2.00 each.

If the customer has a tight spot and is concerned about delivery we have a machine called a "mule". It's used for moving the building throughout the customers yard with out the additional bulk and size of the truck and when access is limited.

For additional info go to [www.americasbuildings.com](http://www.americasbuildings.com) - A site exclusively for Lowe's.
