

Shed Sale Check List for Collier County

(Please fill complete this form and send in with Order Form and PO)

Customer Name _____ Date _____

Customer Email _____

Copy of Survey Site Plan (showing where Shed is being placed)

Copy of Notarized NOC

{Both Survey Site Plan and NOC need to be faxed to Americas Buildings or uploaded into IMS)

Which **Anchoring** method will be used; GROUND_____ or CONCRETE_____

FEMA FLOOD REQUIREMENTS > Due to recent changes in this county requiring a ***Final Elevation Certificate*** for ANY enclosed structure by a Professional Licensed Surveyor for Permitting to be completed (these must be digitally sealed), we are requiring all Sheds for Collier County to have Flood Vents and Treated Wood Studs.

Flood Vents are an additional cost of \$300

Treated Wood Studs are an additional cost of \$285 + \$8.57 per running foot (EX 10x16 Shed would be \$8.57 x 16' = \$137.12)

Customer will need to purchase ***Permit Program*** at Lowes for \$499! **Item # 709**

ALSO needed is ***Final Elevation Certificate*** for \$395! **Item # 709** If this Certificate is not done properly the Permit will NOT be given a Certificate of Completion!

We appreciate your efforts with these required changes. Please reach out to Reliable Permitting (239-234-2578) with any Permit related questions. Reach out to Americas Buildings for help with any aspect of sale process (502-921-0002)
