

The Ultimate Chicken Coop

America's Buildings coops are built to last, made in the USA , and constructed out of wood by Amish Trained-Craftsmen. Heavy-duty and quality made, they are designed for use in both hot and cold climates. These charming coops are shipped free of charge, can be assembled by the customer in 30-60 minutes with only a screw gun, and will last for years.

Whether you have a flock of 5 chickens or 20, we have the perfect coop for you!

America's Buildings Chicken Coops

In the past few years we have seen a drastic desire for chicken coops. For two reasons, first the cost of eggs has escalated terrifically in the last 24 months, and the fact that folks have a want for free range / organic eggs.

Our chicken coops meet higher quality standards than custom built coops because of the precise craftsmanship and the high quality materials. All this at much less cost, plus free shipping.
