## E. DELIVERY

Building will arrive fully constructed at the customers site on a truck and trailer similar to the one pictured. We will need prior clearance to install the building. Customer needs to purchase 2" solid concrete pavers from Lowe's to go under building. See your Lowe's associate for number of blocks needed. Pea gravel should be bought to put under the pavers, 3-5 bags depending on building size. Normal lead time 4-5 weeks for delivery, weather permitting, except in unusual circumstances.

## F. PERMITTING

Please check to see if you are required to have a permit for your building. If permits are required you can do your own permitting or permits can be done through Lowe's permitting service. Please see your sales associate for permit pricing and ordering.

For additional info go to [www.americasbuildings.com](http://www.americasbuildings.com) - A site exclusively for Lowe's.
